

So What Does It All Mean?

Anna von Reitz

It means we have been defrauded by international banking cartels operating "governmental services corporations" as if these entities were our lawful government. It means that the Holy See and the British Monarch have acted in secretive Breach of Trust and Dishonor and have undermined our rightful government since 1845. It means that we have caught the rats red-handed, proved the facts, and demanded remedy.

FRANCISCUS, the dba name of the Pope, issued his Motu Proprio and made the members of the Bar Associations responsible for their errors and omissions. This effectively washed his hands of the criminality of the Bar Members and the continuing assaults upon us by the British Crown and ended their privateer licenses and other protections that had been extended to them in Breach of Trust. So far, so good.

However, there has been no action to dismantle the mechanisms of the fraud that has been practiced against the living people. Every day, babies are born in hospitals and are "registered" as chattel belonging to privately owned and operated corporations masquerading as our government. These corporations patent and trademark our bodies and our names and create "citizens" for themselves that they ultimately control as slaves. This practice of "enslavement by proxy" is no less repugnant than physical enslavement and it has the same results.

They have accomplished this by obtaining undisclosed contracts under conditions of coercion and misrepresentation and by blatant fraud upon the probate courts and falsification of the civil records. They have had each one of us declared "legally dead"---- "Missing, presumed lost at sea"---and have seized upon our estates as presumed secondary beneficiaries. This legal chicanery has been assisted and expedited by a few evil politicians who literally conspired to sell their countrymen into slavery for profit.

They seize upon our property by presuming that it is "abandoned". This is what has happened to every so-called "mortgage payment" you have ever made. It has been seized by the banks as abandoned property belonging to your own estate. They take title to our land, homes, businesses, and other private property and public property interests under color of law. They disguise installment leases as "land sales". They disguise repurchase agreements as "loans". They disguise "security notes" as "promissory notes". And they steal us blind, taking their pay out of our treasury and otherwise using and abusing our own assets to do it.

Just as they have seized upon our private property via a process of fraud and deceit, they have attempted to seize upon our entire nation and claim that it is "abandoned property".

To understand how this works you have to understand the first frauds committed against us, for it is in the beginning that we most clearly see the

ends.

1. March 27, 1861, the actual elected Congress ceases to function.
2. Lincoln creates a corporation doing business as "The United States of America" and uses what is left of the Congress as a Board of Directors.
3. This "Corporate Congress" changes the meaning of the word "person" to mean "corporation" for their own private in-house corporate purposes. (37th Congress, Second Session, Chapter 49, Section 68).
4. The Corporate Congress changes the meaning of more words--- according to them, the meaning of the words "state", "State" and "United States" all magically mean ""the territories and the District of Columbia" (13 Stat. 223, 306, ch. 173, sec. 182, June 30, 1864.)
5. These "special definitions" adopted by "a" Congress operating a private, for-profit corporation doing business as "The United States of America" then secretly allowed the rats to "presume" that anyone who used the common meaning of these words and admitted to living in a "state" or the "United States" was submitting to be considered and treated as a "citizen" of the District of Columbia, instead. In their secretively altered lexicon, "United States Citizen = District of Columbia Citizen"
6. And as anyone reading The Constitution can see, this meant submitting to the rule of "Congress" which was given plenary control of the District of Columbia. Via the use of semantic deceit a small group of venal criminals "redefined" our Republic as a plenary oligarchy run by none other than themselves. They also endeavored to redefine all the freeborn Americans as slaves belonging to the District of Columbia. Never mind that the "Congress" engaging in this fraud and merely pretending to be the lawfully elected Congress had absolutely no public office and no delegated authority.
7. What happened with all this fraud by a hundred years later? The Congressional Record, June 13, 1967, pp. 15641-15646 - "A 'citizen of the United States is a civilly dead entity operating as a co-trustee and co-beneficiary of the PCT, the private constructive, cestui que trust of US Inc. under the 14th Amendment, which upholds the debt of the USA and US Inc. in Section 4."

Now, put all this together in one big Ball of Wax, and what do you get?

The Bar Association Members employed by the District of Columbia Municipal Corporation have been "presuming" that you are "civilly dead" because you have been falsely reported as "missing, presumed dead" on the records of their probate courts. While they have been busily and secretively "presuming" this, they have also been "presuming" that you died intestate (without a Will) and that the local District of Columbia Municipal Corporation franchise doing business as (for example) the STATE OF OKLAHOMA, is the beneficiary of all your property.

How's that for a fraud racket? How's that for conflict of interest?

But they didn't stop there. They also presume that the still living man is a "co-trustee" and "co-beneficiary" of his own estate trust. How can that be? Obviously, he can't be the trustee AND the beneficiary of his own estate at the same time, because the two roles are mutually exclusive.

So they send out a false summons to you as the "presumed" co-trustee of the JOHN QUINCY ADAMS estate trust, and you, ignorantly assuming that this is your name and that this mail is addressed to you, show up in answer to their "summons"---- and they trick you into playing the role of trustee, while they suck up the beneficiary slot and milk your estate. That is what these demons in suits have been playing at all these years. They charge your estate millions of dollars for every "felony" charge they utter and nearly as much for every "misdemeanor". Then for good measure, they throw you in jail and make the taxpayers pay a hundred times more than any real cost for the "service" of incarcerating you----and profiting off your labor in "prison industries". They bilk billions of dollars out of the public treasury and out of your private "abandoned" estates every year, while parading around the town as members of "elite" society. No doubt the word "elite" has also been redefined by these maggots to mean "common criminal".

There is no doubt now that this system is what it is, nor is there any doubt that it must end, but before we leave this subject, please note, that they haven't been content with defrauding, press-ganging, enslaving, and taxing you under false pretenses, oh, no, they finally maxed out your credit cards which they stole along with your identity as a living breathing man.

So the Big Game has been afoot: do the same thing we did to each one of the people to the entire nation. How do we do that?

November 7, 2007 the rats in Washington, DC running the "United States, Inc." bankrupted it for the third and final time. They handed it over to the UN to act as bankruptcy trustee and nobody named a successor to The Constitution contract.

That left the "Federal" side of the Constitution contract flapping in the wind, and the United Nations Trust Committee -- North America overseeing our National Trust assets, and no other entity named to provide the nineteen enumerated services that the British-controlled Federal United States is supposed to provide. Nice.

Last week, the infernal bastards filed a claim on abandonment against our entire nation, claiming that we no longer exist as a sovereign nation because we haven't been heard from in 150 years. They further claimed that we are no longer a sovereign nation because we (allegedly) don't have a national currency in circulation. We had to file a Declaration of Joint Sovereignty and two new sets of Sovereign Letters Patent to rebut their unending "presumptions" before the UN Trust Committee- North America and the UN Security Council.

The fact is that we are sovereigns in joint tenancy; if we don't attend to our business in a hundred years, it's still our business. If we don't call a Continental Convention in 200 years, that's our business, too. And we are not obligated to have a national currency in circulation---even though we do.

It's the same schtick they are trying to pull only on a much larger scale--- claiming that our whole nation is effectively "missing, presumed lost" and that our estate is "abandoned" ready for the taking by secondary beneficiaries and creditors.

That's what the banks and their buddies the lawyers and their flunkies the politicians you elected in good faith had planned for you. That's what Wells Fargo Bank---- which is not a bank----it's a "securities investment corporation" using the trademarked name "Wells Fargo Bank" to pretend that its a bank---has been trying to promote this past week. And no wonder. It is partially owned and operated by the "US Attorney General".

And now, let's make it Perfectly Clear---- General Dunsford, you are responsible for providing for the security of the American People. You receive your paycheck directly or indirectly from funds and credit obtained from us---even if it is now in the hands of pirates and brigands and those who have colluded with them as false trustees. These evil men and women would like to start a Civil War in America, because they make their money off of conflict.

In preparation for trying to incite an uprising among the peaceful American people these criminals have armed corporate subcontractors that are operating under names designed to make people assume they are lawful units of government---- BATF, FEMA, IRS, DHS, FBI, CIA, local "Sheriffs" who are nothing but shells working in private corporate offices, not Sheriffs occupying public offices on the land at all ---- and have armed these private commercial mercenaries with billions of rounds of ammunition and tactical weapons. For what purpose?

So that the secondary creditors of a bankruptcy that we were never legitimately any part of ---international banking cartels and foreign investors---can come in here and loot and pillage America with the assistance of commercial mercenaries bought and paid for with illegal taxes extorted from Americans by criminals pretending to be our lawful government.

This circumstance and the UN's role in it is now well-known on a worldwide basis and is well-documented and proven beyond any reasonable doubt.

What are we going to do about it? For starters, we notified the UN Trustees that we are very much alive and in charge of our own affairs and that we have been victims of crime and misrepresentation. We are not "U.S. Citizens" of any kind according to their definitions---nor ours. We are Americans. We, and our property assets both public and private, have been entrapped in the private corporate bankruptcies of these bank owned and

operated "governmental services corporations" without our knowledge or consent, and we object to any presumption that we are now or ever were civilly dead, incompetent, bankrupt, or otherwise dependent on these villainous fictitious entities.

That is a good and practical start.
