The State of Florida has one of the largest Consular Corps in the United States. Consular officers around the state serve as official representatives of a foreign country that provide assistance to that government's citizens living in other countries. Florida's ever expanding Consular Corps currently consists of consular missions and official trade and commercial offices from 82 countries. Miami-Dade County has the largest concentration of consular offices in Florida, with representation from 61 countries. The consular offices listed in this Directory are accredited by the United States Department of State.

A sister city relationship is a long-term, cooperative relationship between two cities in different countries through which cultural, educational, business, and technical exchanges take place. It is formalized when two mayors (or highest elected/appointed officials) sign a memorandum of understanding establishing a sister city relationship. Activities are usually organized and implemented by volunteers, local institutions, and municipal employees. A city may have any number of sister cities.

Sister Cities International is a nonpartisan 501(c)(3) nonprofit organization that serves as the national membership organization for individual sister cities, counties, and states across the United States. Sister Cities International recognizes 188 international partnerships with 37 Florida communities. Out of the Sister City partnerships by U.S. state, Florida has the second largest number of partnerships. Please note that this number is not representative of all sister city relationships in Florida and only denotes those currently active with the organization. Membership in the organization is not a requirement for U.S. cities, counties or states.
